Introduction

A spacious detached four-bedroom bungalow set in about 1.2 acres of garden ground, paddock and with a range of useful outbuildings.

Trinity house is a detached bungalow which was constructed in 2004, with an internal floor area extending to 227 sqm (2,452 sqft) excluding the large double garage.

It is situated in a small rural hamlet on the edge of St Madoes village, about six miles east of Perth.

A glazed timber door with side screens opens into the reception hallway, where there are two storage cupboards. Straight ahead is the living room with a large window to one side and sliding doors providing access to the patio. A focal point of the room is an exposed brick wall housing a log burning stove on a slate hearth..

Panelled glazed French doors lead through to the dining kitchen, which includes a sitting area and further sliding doors opening to the patio. The exposed brick wall detail continues throughout this room.

The kitchen is fitted with a range of timber-fronted base and wall units complemented by green marble worktops. A central island forms the main working area and incorporates a freestanding double-sized gas range-style cooker together with an inset sink and side drainer. Power sockets are fitted within the island. Integrated appliances include a fridge freezer and dishwasher.

An inner hallway leads to a cloakroom, utility room and shower room. The utility room is fitted with units matching those in the kitchen and provides plumbing and space for a washing machine, tumble dryer and additional appliances. The shower room includes a WC and wash basin. The hallway also provides access to a large internal double garage.

The double garage has electrically operated doors, together with power and lighting. The oil fired boiler is located here. In addition, as part of the rear of the building, are three useful stores comprising the oil tank, general store and tool shed.

As a whole, the area extends to about 1.2 acres. The garden area is predominantly laid to lawn with scattered shrubs, established trees and fruit trees and the paddock area is fenced. Adjacent is a further area of ground containing a former paint shop (5.50m x 11.10m), a metal outbuilding (5.50m x 8.46m), and two timber sheds, formerly used for chicken and pheasant breeding (11.25m x 27.6m; and 6.25m x 18.9m respectively).
